I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I chose an out of state specialty pharmacy because I couldn't find one who would compound the prescriptions for natural hormones that I need, here in my city. I will not take synthetics and need these prescriptions to alleviate symptoms. I strongly object to the government once again trying to control my life. How dare you try and limit my ability to obtain the medication I need!
